We are pleased to take back your smart for environmentally friendly disposal in accordance with the European Union\* (EU) Directive on End-of-Life Vehicles – but that day lies a long way off (\*does not apply to Switzerland). To make it as easy as possible for you to return the vehicle, a network of companies exists which will take back your old car and dismantle and recycle it. You can return your vehicle to one of these companies free of charge. In this way you make a valuable contribution to closing the recycling loop and to saving resources. Further information on recycling end-of-life vehicles and the conditions of return is available at [www.smart.com](http://www.smart.com).

Regarding the information in this publication: changes to the product may have been made after going to press on 3 July 2014. The manufacturer reserves the right to effect structural or design modifications, colour changes and changes to the scope of delivery during the delivery period, insofar as such changes or modifications are reasonable for the buyer in due consideration of the seller's interests. Should the seller or the manufacturer employ codes or numbers to describe the order or object ordered, this alone shall not constitute a valid basis for the derivation of any rights. The photographs may include accessories or options that are not part of the standard scope of delivery. Any colour deviations result from the printing process. This publication may also contain variants and services that are not available in individual countries. Information on statutory, legal and fiscal provisions and their consequences apply only to the Federal Republic of Germany at the time that this publication goes to press. Please refer any questions on the provisions that currently apply in other countries and their effects to your smart sales representative.

>> smart  
**BRABUS**

Sporty and stylish city driving.

smart BRABUS, BRABUS Xclusive and smart BRABUS tailor made – experience the smart fortwo in its most dynamic, exclusive and individual forms.

# Exclusive city driving.

smart and BRABUS – a partnership dedicated to creating very special cars. With their sporty design, enhanced performance and high-quality materials both the smart BRABUS and BRABUS Xclusive production models, and also the individually designed smart BRABUS tailor made models, offer an exclusive driving experience that will make you see city traffic in a new light.

**>> smart and BRABUS**

## Exclusiveness

A smart fortwo is always something special. And when it bears the BRABUS emblem it comes with equipment, materials and workmanship that have a very special look and feel in addition to the familiar strengths of the smart fortwo.

## Design

Sporty individuality that never fails to catch the eye: BRABUS can enhance the smart fortwo from “head to toe” if you so desire – from the exterior to the interior and from the vehicle as a whole right down to the smallest detail. With a design that sets it apart from the rest through exclusiveness and a distinctive look. Cars customised by BRABUS never go unnoticed, despite a length of just 2.69 m.

## Performance

The high performer in city traffic; in conjunction with a sportier transmission configuration and the BRABUS sports suspension bringing the vehicle 10 mm closer to the road, the BRABUS 75 kW (102 hp) turbo engine guarantees dynamic handling performance. Perfect for everyone who enjoys top performance – and not just their own!

# Urban Icon

Urban mobility reinvented. The smart brand stands for a new take on urban mobility. With its iconic design and numerous innovative solutions the smart fortwo has conquered cities around the world. In cooperation with BRABUS two models have been created that immediately catch the eye and make daily city driving a real pleasure. The smart BRABUS and BRABUS Xclusive production models come equipped with exclusiveness and top performance ex works. Or you can opt for a variant with maximum individuality – tailored to your own personal requirements with the smart BRABUS tailor made customisation programme.

From the H7 projection headlamps with titanium-coloured surrounds to the chrome-plated twin tailpipe of the BRABUS sports exhaust system or the painted BRABUS "Monoblock VII" alloy wheels – BRABUS design for the smart for two stands for exclusiveness and sportiness.

**>> Design**

**Sporty look:  
The design.**

## Dynamic response: The performance.

BRABUS turns the smart fortwo into a real powerhouse: the turbo-charged rear-mounted engine with output of 75 kW (102 hp) propels the coupé weighing just 870 kg (cabrio: 895 kg) from 0 to 100 km/h in just 8.9 seconds. The sportier transmission configuration and the BRABUS sports exhaust system play a part in ensuring that other road users will have plenty of opportunities to admire the dynamic rear design in city traffic.

Rear-mounted engine, rear-wheel drive, sporty transmission configuration: you'll be amazed at just how much fun getting around the city can be – however short the trip.

**>> Performance**

Subtle and sporty, first-class equipment or tailored to your own personal taste: with smart BRABUS, BRABUS Xclusive and the smart BRABUS tailor made customisation programme the choice is yours.

# High-spirited: smart BRABUS.

Sporty and dynamic understatement: with its 75 kW (102 hp) turbo engine the smart BRABUS is ideal for those looking for impressive performance. The smart BRABUS is available in all the colour combinations available for the smart fortwo – almost disguising the power it packs.

The look may be low-key but the performance certainly isn't: the special character of smart BRABUS is revealed at the latest when it sprints from one set of traffic lights to the next.

## >> smart BRABUS

### tridion safety cell

In black as standard, alternatively in silver or optionally in white, jupiter red or brilliant anthracite. A total of six colours are available for the bodypanels.

### Panoramic roof

incl. sunblind.

### BRABUS sports suspension

Lowering the vehicle by 10 mm provides for even better roadholding.

### BRABUS front

The radiator trim in silver frames the dynamic honeycomb structure of the radiator grille. Not to mention the matching powerful air inlets in the front apron with front fog lights.

### BRABUS sports exhaust system

The chrome-plated twin tailpipes are framed by a suitably elegant BRABUS rear diffuser in matt grey.

### BRABUS alloy wheels

BRABUS "Monoblock VII" alloy wheels 40.6 cm/43.2 cm (16"/17"): with 175/50 R 16 tyres at the front and 225/35 R 17 tyres at the rear; alternatively available in silver, gleaming black or matt grey.

#### Upholstery

Tone-in-tone: fabric elements on the dashboard, door trim and knee pad are colour-coordinated with the upholstery in design black.

#### BRABUS sports pedals and BRABUS shift lever knob

The matt aluminium shift lever knob with leather trim features the BRABUS logo. The sports pedals come in matt stainless steel with black nubs for a better grip and a sportier look.

#### Air conditioning

With automatic temperature control (incl. dust and pollen filter).

The look may be low-key but the performance certainly isn't: the special character of smart BRABUS is revealed at the latest when it sprints from one set of traffic lights to the next.

## >> Interior design

#### BRABUS hand-brake lever

An elegant design in matt aluminium with a leather-look sleeve.

# Superior: The BRABUS Xclusive.

Fine materials, exclusive styling and a BRABUS turbo engine: from the dynamic exterior to the high-quality interior equipment, the smart fortwo BRABUS Xclusive leaves nothing to be desired.

75 kW (102 hp), from 0 to 100 km/h in 8.9 seconds, 8.6 kilos per hp – and yet an appearance that is difficult to describe in figures. That's the BRABUS Xclusive.

**>> BRABUS Xclusive**

## tritop fabric soft top

Fully automatic, can be opened to any position and with a heated glass rear window (cabrio).

## tridion safety cell

Available in black, white or silver. The bodypanels and door mirror caps are painted in the same colour to match.

## BRABUS headlamps

Titanium-coloured surrounds for a striking look.

## BRABUS front

Powerful BRABUS front spoiler with additional air inlets and integrated LED daytime driving lights.

## BRABUS alloy wheels

BRABUS "Monoblock VII" alloy wheels 40.6 cm/43.2 cm (16"/17"): with 175/50 R 16 tyres at the front and 225/35 R 17 tyres at the rear; alternatively available in silver, gleaming black or matt grey.

## BRABUS sports suspension

Lowers the vehicle by 10 mm for even better roadholding.

**BRABUS 3-spoke leather sports steering wheel**

Sporty feel: covered with fine perforated leather with padded steering wheel rim. Including steering wheel gearshift.

**BRABUS velour floor mats**  
In high-quality velour featuring embroidered BRABUS logo.

**BRABUS leather seats**  
Including seat heating, head/thorax side airbags and BRABUS logo embossed in the headrests.

**BRABUS dashboard instruments**  
The cockpit clock and rev counter with aluminium-look accent rings lend the interior even more sportiness.

**BRABUS hand-brake lever**

Matt aluminium with sleeve in leather optic – looks good, feels good.

**Leather look**

Matching the black BRABUS leather seats, the whole interior comes in black leather optic for a harmonious look from the door trims to the kneepad and the dashboard. The silver stitching forms a stylish contrast.

The audio system navigation/multimedia shown (on left) is available until June 2014; please ask your smart dealer.

**Imaginative:  
smart BRABUS tailor made.**

**Not just any smart.  
My smart.**

The individualisation packages from smart BRABUS tailor made make it easy for you to make the right choice from the boundless possibilities. Choose at least one of two introductory packages from smart BRABUS tailor made – the exterior colour package or the interior leather package – and then you can customise your smart fortwo to your heart's desire with additional packages and details.

**>> smart BRABUS tailor made**

<sup>1</sup> In accordance with directive 80/1269/EEC in its currently valid version. <sup>2</sup> Electronically limited. <sup>3</sup> The figures stated were determined in accordance with the stipulated measuring method as set out in directive 80/1268/EEC (in Switzerland: 715/2007 EEC) in its currently valid version. The data do not relate to an individual vehicle and do not form part of an offer, but are intended solely for the purpose of comparison between the different types of vehicle. In Switzerland: The consumption may differ from the stated values in practice depending on the driving style, road and traffic conditions, environmental influences and the condition of the vehicle. The standard fuel consumption should therefore only be used for the purpose of comparison. CO<sub>2</sub> is the greenhouse gas mainly responsible for global warming; the average CO<sub>2</sub> emissions of all vehicle types offered (across all brands) stand at 148 g/km for 2014. <sup>4</sup> In Switzerland: premium unleaded = unleaded 95 RON; super plus unleaded = unleaded 98 RON. <sup>5</sup> In accordance with the German fuel efficiency labelling ordinance for passenger cars (Pkw-EnVKV) paragraph 3a. The data do not relate to an individual vehicle and do not form part of an offer, but are intended solely for the purpose of comparison between the different types of vehicle. <sup>6</sup> With basic tyres 155/60 R 15 (front) and 175/55 R 15 (rear). <sup>7</sup> Figures in accordance with directive 92/21/EC in the version 95/48/EC (mass in running order, fuel tank 90% full, with driver, 68 kg and luggage, 7 kg for vehicles with standard equipment). Optional equipment and accessories generally increase this figure, which means that the payload is reduced accordingly. <sup>8</sup> Up to roof; in accordance with DIN 70020-1. <sup>9</sup> Whichever occurs first. Indicated by maintenance interval indicator. An oil service plus is to be carried out every 15,000 km or once annually. <sup>10</sup> In Switzerland: three years (smart swissintegral).
